PROFILE

Creative and detail-oriented communications professional with a Bachelor's degree in Digital Media, Arts, and Technology and hands-on experience producing digital content, managing social media platforms, and designing visual assets for real audiences. Skilled at translating ideas and data into compelling graphics, written content, and social media campaigns that drive engagement. Proficient in Adobe Creative Suite, Canva, Figma, and Microsoft Office Suite. A fast learner who thrives in collaborative, mission-driven environments - brings strong attention to detail, genuine curiosity, and a commitment to producing high-quality work.

EXPERIENCE

Social Media & Communications Intern · PHA Icemen Hockey Aug 2025 – January 2026

- Owned day-to-day social media presence across Facebook and Instagram - writing, designing, and publishing content that maintained consistent brand voice and drove audience engagement.
- Designed graphics and visual assets for game announcements, partner updates, and campaign collateral using Adobe Creative Suite and Canva, delivering polished, on-brand deliverables on tight timelines.
- Managed a structured content calendar, planning and scheduling posts to ensure timely, consistent delivery across all channels.
- Monitored platform analytics to track performance and inform content decisions, maintaining organized archives of schedules, media, and partner agreements.
- Collaborated cross-functionally with team leads to align messaging with broader organizational goals and communications strategy.

Lab Assistant & Event Coordinator · Varia Lab — Penn State Erie Jan 2025 – May 2026

- Coordinated communications, logistics, and documentation for multiple concurrent campus events and research projects, consistently meeting deadlines across competing priorities.
- Supported outreach and program visibility through written materials and digital communications, expanding engagement with program stakeholders.
- Maintained organized records and administrative documentation, ensuring accurate and accessible information for team members and program administrators.
- Facilitated student onboarding and setup support, demonstrating strong interpersonal communication and a collaborative working style.

Data Entry Specialist · Cook Medical — Vandergrift, PA Jun 2025 – Aug 2025

- Maintained high-accuracy reports and documentation across multiple concurrent workflows in a fast-paced corporate environment, demonstrating strong organizational skills and professionalism.
