

# GABRIELLA VOZAR

## Digital Media Designer & Content Creator

Leechburg, PA | 412-585-8783 | gabriella.voz@outlook.com | linkedin.com/in/gabvozar | gabvoz13.github.io/Pro\_Port

---

### PROFILE

---

Digital media graduate with hands-on experience designing branded visual content, running social media content calendars, and producing marketing graphics for athletics, hockey, and university programs. Skilled in Adobe Creative Suite, Figma, and Canva, with a track record of building consistent visual identities across platforms and translating raw ideas into polished, on-brand assets.

### EXPERIENCE

---

#### **Social Media & Communications Intern** *Aug 2025 – Jan 2026*

##### PHA Icemen Hockey

- Designed graphics and visual assets for game announcements, sponsor promotions, and league communications using Adobe Creative Suite and Canva.
- Built and maintained a cohesive visual identity across platforms, keeping typography, color, and tone consistent in every post.
- Managed the content calendar, adapting layout and format to each platform's specifications.

#### **Student Employee, Athletic Department** *Aug 2022 – May 2024*

##### Penn State New Kensington

- Photographed and edited sports events, producing polished visual content for social media and departmental channels.
- Designed a full social media template suite for the Athletics Department, establishing consistent visual branding across all platforms.
- Partnered with the social media manager on content strategy, layout decisions, and publishing cadence.

#### **Content Producer & Social Media Coordinator** *Jan 2025 – Jul 2025*

##### Lisa Ann "The Glam Ham," Erie, PA

- Recorded and edited live comedy sets for a local comedian, delivering polished, TikTok-ready video content on a recurring basis.
- Supported merchandise sales, helping manage promotion and coordination alongside content production.

#### **Lab Assistant & Event Coordinator** *Jan 2025 – May 2026*

##### Varia Lab, Penn State Erie

- Produced promotional materials and signage for campus events across multiple concurrent programs.
- Translated technical lab workflows into accessible, well-designed visual guides for incoming students.
- Maintained organized archives of project assets and supported documentation with clear, well-formatted deliverables.

### EDUCATION

---

#### **BA, Digital Media, Arts, and Technology** *May 2026*

##### The Pennsylvania State University

Coursework: web development (HTML, CSS, JS, React), 3D modeling & animation (Blender, Three.js), interactive design (Figma), digital audio, multimedia production, graphic design, photography, mass media. Independent study in game development (Lua).
